FORWARD LOOKING STATEMENTS

This annual report contains forward-looking statements. Forward-looking statements are projections of events, revenues, income, future economic performance or management's plans and objectives for our future operations. In some cases, you can identify forward-looking statements by terminology such as "may", "should", "expects", "plans", "anticipates", "believes", "estimates", "predicts", "potential" or "continue" or the negative of these terms or other comparable terminology. These statements are only predictions and involve known and unknown risks, uncertainties and other factors, including the risks in the section entitled "Risk Factors" and the risks set out below, any of which may cause our or our industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. These risks include, by way of example and not in limitation:

- the uncertainty of profitability based upon our history of losses;
- risks related to failure to obtain adequate financing on a timely basis and on acceptable terms to continue as going concern;
- risks related to our international operations and any currency exchange fluctuations; and
- other risks and uncertainties related to our business plan and business strategy.

This list is not an exhaustive list of the factors that may affect any of our forward-looking statements. These and other factors should be considered carefully and readers should not place undue reliance on our forward-looking statements. Forward looking statements are made based on management's beliefs, estimates and opinions on the date the statements are made and we undertake no obligation to update forward-looking statements if these beliefs, estimates and opinions or other circumstances should change. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Except as required by applicable law, including the securities laws of the United States, we do not intend to update any of the forward-looking statements to conform these statements to actual results.

References in this annual report to "we", "us", "our", the "Company" refer to Scoop Media, Inc., unless otherwise indicated.

Our financial statements are stated in United States dollars (US\$) and are prepared in accordance with United States Generally Accepted Accounting Principles. All references to "common stock" refer to the common shares in our capital stock.

PART I

ITEM 1. BUSINESS

Business Overview

We were incorporated in the state of Nevada on March 18, 2011 and our principal business address is 24/F, Wyndham Place, 40-44 Wyndham Street, Central, Hong Kong. Our telephone number is 852-2258-6888. Our United States and registered statutory office is located at 2360 Corporate Circle, Suite 400, Henderson, NV 89074-7722, telephone number (702) 866-2500. We have established a fiscal year end of August 31. The objective of this corporation is to develop an Internet dating website review and information site.

We had planned to enter into the market with an information rich website that will allow users to review the features, benefits and costs of a large number of Internet dating websites. The Company has reserved the URL www.thedatescoop.com, but we have not yet begun developing the website located at this URL. Initial plans for the website included search feature allowing users to view lists of dating websites sorted by any various categories including, but not limited to, geographic focus of the dating website, emphasis on users of a specific age range, religion, race, lifestyle, sexual orientation etc. We had planned to provide customized reviews of these dating websites summarizing, if the information is available, the membership makeup of the website, the costs associated with using the website, any promotions or specials the website is offering, the search features available to users of the website and whether or not the site offers a mobile application.

We also intended to offer discussion forums where users of our website could exchange feedback, tips, dating advice and ideas of how to get the most out of their online dating experience. In order to be able to participate in our discussion forums, we intended to require users to register with us and provide, at a minimum, their age, gender postal or zip code and e-mail address.

We intended to generate revenue primarily through advertising and referral agreements. Many dating websites offer referral commissions whereby if another website sends a user to the dating site and that user subsequently purchases a membership, a commission is paid to the referring website.

Initially we intend to generate our advertising revenue through Google's AdSense program. Google AdSense is an ad serving network run by Google Inc. Website owners can enroll in this program to enable text, image, and video advertisements on their websites. The Google AdSense network is an end to end advertising solution completely managed by Google. Advertisements are procured including associated payments, administered, maintained and technically delivered all by Google. The advertisements can generate revenue on either a per-click or per-impression basis. The Google AdSense program is free to use and the revenue split is 68% meaning the website operator is paid 68% of revenues generated by the advertisement. To be eligible to participate in the Google AdSense program websites must meet several criteria which management believes we currently meet. Google reserves the right to change these criteria at any time so we may not meet the criteria in the future. As usage of our website increases, we may seek targeted advertisements from other sources such as online or traditional advertising agencies.

During its fiscal year ended August 31, 2013, we continued our planning activities discussed above but did not engage in any operational activities.

On September 30, 2013, Xpress Group, Ltd., a Hong Kong company now known as Heng Fai Enterprises, Ltd. ("Heng Fai") purchased 5,500,000 shares of the Common Stock of our company representing approximately 68.7% of its issued and outstanding common stock. Since that time the Company has been reconsidering its business plan and intended operations. The Company has not made any determinations regarding its business plan as of the date of the filing of this Form 10-K.

Market Opportunity

As the market continues to grow, navigating the increasing number of potential dating websites to join will present an increasingly daunting task to would-be daters. This means a growing opportunity for Scoop Media to consolidate and present useful information in a user-friendly, easily navigable format.

Management believes that as the online dating market becomes increasingly competitive, online dating website operators will make use of more targeted advertising strategies, which could likely include advertising on websites like ours. We might also develop a regular newsletter which we will send to users who register with our site informing them of the latest news from the online dating scene and any specials or discounts being offered by sites which we review.

As our user base, expertise and knowledge of the industry grows, we may chose to expand our services by creating our own dating website. While no formal plans, timeline or budget for such a project currently exist, management expects that such an endeavor would require additional financing.

Marketing

Our ability to generate advertising and referral revenue will be due in large part to our ability to get traffic to our website. A key aspect of generating traffic is a website's ranking in the major search engines, particularly Google. Our initial marketing efforts will focus on getting our website ranked as highly as possible in the major search engines. This will include various search engine optimization (SEO) techniques such as the use of meta tags throughout our website, internal linking to optimize the ability of search engines to 'spider' our website and soliciting back links, whereby other websites link to ours. We will be dependent on an SEO company, or independent contractors, to perform such SEO techniques.

We may also engage the services of an SEO company to help build our ranking in the search engines. Many such companies exist and offer various services to help a websites' search engine ranking. Specific allocation of marketing funds will occur based on the success of this offering.

Some search engines determine ranking in part by the amount of relevant content a website has in relation to the associated search term. We intend to launch our site with reviews and information on a large number of Internet dating websites. We intend to continue to increase the content on our site, both my information we input and by user reviews, feedback and related discussions in the forums we plan to offer.

Content

A key way by which we intend to distinguish our website is the breadth and depth of our content and information about the online dating world and the various services offered by different websites. After we create the back end database infrastructure for our website at www.thedatescoop.com, we intend to retain both data entry and editorial staff to populate our website with information and reviews about a large number of Internet dating websites. If we sell 50% or less of the planned offering we will likely continue to outsource content development, website development and marketing. If we sell 75% of the proposed offering we will likely hire a part time content manager. If we sell the complete offering we will likely hire a full time content manager. Again, while we cannot precisely estimate how many dating websites will be reviewed in the first version of our website, we expect the amount of shares sold to directly affect how many dating websites are reviewed in the first version of our site.

We plan to retain data entry staff to enter the basic information about a large number of Internet dating sites, including, but not limited to, the URL of the website, any information available on the number of members, pricing / membership packages, any specific focus of the website such as geographic, lifestyle etc., whether the site offers a mobile application and a list of features offered by the site and whether payment is required to use any of the features. Most of this information is generally available for free and easily discernible on most dating websites. We expect to be able to use comparatively less sophisticated and less expense data entry type staff for this.

We also intend to retain editorial staff to provide reviews and more in depth analysis of many of the sites, beginning with the larger and more popular ones. We expect this information to include comparisons and discussions of the various strengths and weaknesses of various sites in terms of their user friendliness, strength in certain geographic regions etc. We expect these content writers to be more expensive to retain than the data entry staff previously mentioned. Depending on the success of this offering, we may choose to focus first on the data entry portion of the project in order to get basic information on a large number of website to provide the greatest breadth possible to our service and then focus on the more in depth analysis as funds permit.

We may also augment our dating related content to include other dating services such as traditional match-making services, voice personals and local singles events.

Intellectual Property

We intend, in due course, subject to legal advice, to apply for trademark protection and/or copyright protection in the United States and other jurisdictions. In that regard, any summaries or reviews we write ourselves will be available for copyright protection. In addition, if we develop a logo, we may seek trademark protection for it.

We intend to aggressively assert our rights trademark and copyright laws to protect our intellectual property, including product technology, product research and concepts and recognized trademarks. These rights are protected through the acquisition of trademark registrations, the maintenance of copyrights, and, where appropriate, litigation against those who are, in our opinion, infringing these rights.

While there can be no assurance that registered trademarks and copyrights will protect our proprietary information, we intend to assert our intellectual property rights against any infringer. Although any assertion of our rights can result in a substantial cost to, and diversion of effort by, our Company, management believes that the protection of our intellectual property rights is a key component of our operating strategy.

Regulatory Matters

We are unaware of and do not anticipate having to expend significant resources to comply with any governmental regulations. We are subject to the laws and regulations of those jurisdictions in which we plan to sell advertising, which are generally applicable to business operations, such as business licensing requirements, income taxes and payroll taxes. In general, the development and operation of our business is not subject to special regulatory and/or supervisory requirements.

Employees

As of November 29, 2013, we had no employees other than our Chief Executive Officer, Conn Flanigan.

ITEM 1A. RISK FACTORS

Smaller reporting companies are not required to provide the information required by this item.

ITEM 2. PROPERTIES

Our principal executive office is located at 24/F, Wyndham Place, 40-44 Wyndham Street, Central, Hong Kong. We do not have a lease agreement for this property. This property is provided to us without charge by our majority shareholder, Heng Fai Enterprises, Ltd. We have no other properties and at this time have no intention to acquire any properties.

ITEM 3. LEGAL PROCEEDINGS

We are currently not involved in any litigation that we believe could have a material adverse effect on our financial condition or results of operations. There is no action, suit, proceeding, inquiry or investigation before or by any court, public board, government agency, self-regulatory organization or body pending or, to the knowledge of the executive officers of our company or any of our subsidiaries, threatened against or affecting our company, our common stock, any of our subsidiaries or of our companies or our subsidiaries' officers or directors in their capacities as such, in which an adverse decision could have a material adverse effect.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Our common stock is quoted on the OTC Bulletin Board ("OTCBB") under the symbol "SOOP". The OTCBB is a quotation service that displays real-time quotes, last-sale prices, and volume information in over-the-counter ("OTC") equity securities that are not listed on national securities exchanges.

Since our inception, shares of our common stock has been thinly traded on the OTCBB. ;There can be no assurance that a liquid market for our common stock will ever develop. Transfer of our common stock may also be restricted under the securities or blue sky laws of various states and foreign jurisdictions. Consequently, investors may not be able to liquidate their investments and should be prepared to hold the common stock for an indefinite period of time.

Holders of Our Common Stock

As of November 29, 2013, in accordance with our transfer agent records, we had 34 shareholders holding 8,000,000 shares of our common stock.

Stock Option Grants

To date, we have not granted any stock options.

Dividends

Since inception we have not paid any dividends on our common stock. We currently do not anticipate paying any cash dividends in the foreseeable future on our common stock, when issued pursuant to this offering. Although we intend to retain our earnings, if any, to finance the exploration and growth of our business, our Board of Directors will have the discretion to declare and pay dividends in the future. Payment of dividends in the future will depend upon our earnings, capital requirements, and other factors, which our Board of Directors may deem relevant.

Transfer Agent and Registrar

Our transfer agent is Action Stock Transfer, 2469 E. Fort Union Blvd, Ste 214, Salt Lake City, UT 84121 and its phone number is (801) 274-1088.

Securities Authorized for Issuance Under Equity Compensation Plans

We presently do not have any equity based or other long-term incentive programs. In the future, we may adopt and establish an equity-based or other long-term incentive plan if it is in the best interest of the Company and our stockholders to do so.

ITEM 6. SELECTED FINANCIAL DATA

As a smaller reporting company, we are not required to provide disclosure pursuant to this item.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

We were incorporated in the state of Nevada on March 18, 2011. The objective of this corporation is to develop an Internet dating website review and information site as more fully discussed in Item 1 - Business. Since our inception, we have only engaged in planning activities discussed above and did not engage in any operational activities.

On September 30, 2013, Xpress Group, Ltd., a Hong Kong company now known as Heng Fai Enterprises, Ltd. ("Heng Fai") purchased 5,500,000 shares of the Common Stock of our company representing approximately 68.7% of its issued and outstanding common stock.

On September 30, 2013 the Company's board of directors appointed Conn Flanigan as its Chief Executive Officer, Chief Financial Officer and a director to hold office until the next annual meeting of shareholders and until his successor is duly elected and qualified or until his resignation or removal.

We are currently on a fiscal year ending August 31. We have defined various periods that are covered in this report as follows:

- "fiscal 2013" – September 1, 2012 through August 31, 2013
- "fiscal 2012" — March 18, 2011 (inception) through August 31, 2012.

Results of Operations

We had no revenue during the fiscal 2013 or fiscal 2012. Total operating expenses during fiscal 2013 decreased by \$4,770 compared to fiscal 2012 as a result of lower general and administrative expenses. Our net loss in fiscal 2013 was \$45,338, a decrease of \$4,770 compared to fiscal 2012 as a result of the increases in our operating expenses and lack of revenue as discussed above.

Capital Resources and Liquidity

Liquidity is the ability of an enterprise to generate adequate amounts of cash to meet its needs for cash requirements. As of August 31, 2013 our working capital deficit amounted to \$15,905, for a decrease of \$20,338 as compared to a working capital surplus of \$4,433 as of August 31, 2012. We rely upon cash generated from loans from related parties to fund our operations. We expect to continue to borrow working capital from related parties over the next twelve months. There are no limitations in our certificate of incorporation to borrow funds or raise funds through the issuance of capital stock.

Net cash used in operating activities during fiscal 2013 was \$33,794 as compared to net cash used in operating activities of \$35,108 for fiscal 2012. The decrease of \$1,314 was primarily due to a decrease in our net loss partially offset by a reduction in prepaid expenses. Net cash provided by financing activities during fiscal 2013 increased by \$25,000 compared to fiscal 2012 as a result of proceeds from issuance of our common stock.

Our auditors have issued a “going concern” opinion, meaning that there is substantial doubt that we can continue as an on-going business for the next twelve months unless we obtain additional capital. We do not anticipate deriving even nominal revenues until we have implemented our plan of operations. We must raise cash to implement our strategy and stay in business.

Management may decide, based on market conditions, to such future private placements if management believes such private placements are in the best interests of the Company. However, additional equity financing may not be available to us on acceptable terms or at all, and thus we could fail to satisfy our future cash requirements.

Offering

On February 22, 2012, the SEC declared our Registration Statement to register a total of 10,000,000 shares of our common stock, effective (the “Offering”). On September 25, 2012, the Company sold 2,500,000 shares of common stock to 32 investors at \$0.01 per share pursuant to the Offering, for aggregate proceeds to the Company of \$25,000. The Offering expired on August 29, 2012. Since we raised less than the maximum amount we intended in the Offering, we have curtailed the launch of our business until we are able to raise additional capital. There can be no assurance that additional capital will be available to us.

As of the date of this Report, the current funds available to the Company will not be sufficient to continue maintaining a reporting status past 12 months. We currently have no agreements, arrangements or understandings with any person to obtain funds through bank loans, lines of credit or any other sources. Since we have no other such arrangements or plans currently in effect, our inability to raise funds to implement our proposed business will have a severe negative impact on our ability to remain a viable company.

We do not currently have any plans to conduct any research and development or to purchase or sell any significant equipment. If we are unable to obtain the working capital we require to operate our business, we will not hire any employees during the next 12 months.

Management believes if the Company cannot maintain its reporting status with the SEC it will have to cease all efforts directed towards the Company. As such, any investment previously made would be lost in its entirety.

Off-Balance Sheet Arrangements

The Company has no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect or change on the Company’s financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors. The term “off-balance sheet arrangement” generally means any transaction, agreement or other contractual arrangement to which an entity unconsolidated with the Company is a party, under which the Company has (i) any obligation arising under a guarantee contract, derivative instrument or variable interest; or (ii) a retained or contingent interest in assets transferred to such entity or similar arrangement that serves as credit, liquidity or market risk support for such assets.

Critical Accounting Policies

The discussion and analysis of our results of operations and liquidity and capital resources are based on our consolidated financial statements, which have been prepared in accordance with GAAP. In connection with the preparation of our consolidated financial statements, the Company is required to make assumptions and estimates about future events, and apply judgments that affect the reported amounts of assets, liabilities, revenue, expenses, and the related disclosures. The assumptions, estimates and judgments included within these estimates are based on historical experience, current trends and other factors we believe to be relevant at the time the condensed consolidated financial statements were prepared. On a regular basis, the accounting policies, assumptions, estimates and judgments are reviewed to ensure that the consolidated financial statements are presented fairly and in accordance with GAAP. However, because future events and their effects cannot be determined with certainty, actual results could differ from the assumptions and estimates, and such differences could be material.

We discussed accounting policies and assumptions that involve a higher degree of judgment and complexity within Note 2 to the consolidated financial statements included in this annual report. Management believes that the application of these policies on a consistent basis enables us to provide useful and reliable financial information about our Company’s operating results and financial condition.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not applicable because we are a smaller reporting company.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
Scoop Media Inc.
(A Development Stage Company)
Henderson, NV

We have audited the accompanying balance sheets of Scoop Media Inc. (a development stage company) (the “Company”) as of August 31, 2013 and August 31, 2012, and the related statements of operations, stockholders’ equity (deficit), and cash flows for the year ended August 31, 2013 and the period from March 18, 2011 (inception) through August 31, 2013. These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of August 31, 2013 and August 31, 2012 and the related results of its operations and its cash flows for the year ended August 31, 2013 and the period from March 18, 2011 (inception) through August 31, 2013 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company has incurred losses from operation since inception. This factor raises substantial doubt about the Company’s ability to continue as a going concern. Management’s plans in regard to this matter are described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Scoop Media, Inc.
(A Development Stage Company)
Notes to the Financial Statements

1. Nature of Operations, Continuance of Business, and Going Concern

Scoop Media, Inc. (the "Company") was incorporated in the state of Nevada on March 18, 2011. The Company has been in the development stage since its formation and has not commenced business operations.

These financial statements have been prepared on a going concern basis, which implies the Company will continue to realize its assets and discharge its liabilities in the normal course of business. During the period from March 18, 2011 (inception) to August 31, 2013, the Company has an accumulated deficit of \$95,905. The Company intends to engage in the business of developing a website that will provide reviews and information on online dating sites. The continuation of the Company as a going concern is dependent upon the continued financial support from its shareholders, the ability of the Company to obtain necessary equity financing to continue operations, and the attainment of profitable operations. These factors raise substantial doubt regarding the Company's ability to continue as a going concern. These financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

2. Summary of Significant Accounting Policies

a) Basis of Presentation

These financial statements and notes are presented in accordance with accounting principles generally accepted in the United States. The Company's fiscal year end is August 31.

b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The Company regularly evaluates estimates and assumptions related to the recoverability of long-lived assets, donated expenses and deferred income tax asset valuation allowances. The Company bases its estimates and assumptions on current facts, historical experience and various other factors that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the accrual of costs and expenses that are not readily apparent from other sources. The actual results experienced by the Company may differ materially and adversely from the Company's estimates. To the extent there are material differences between the estimates and the actual results, future results of operations will be affected.

c) Cash and Cash Equivalents

The Company considers all highly liquid instruments with a maturity of three months or less at the time of issuance to be cash equivalents.

d) Financial Instruments

The fair values of financial instruments which include cash and amounts due to related parties were estimated to approximate their carrying values due to the immediate or relatively short maturity of these instruments.

The Company's operations and financing activities are conducted primarily in United States dollars, and as a result the Company is not subject to significant exposure to market risks from changes in foreign currency rates. Management has determined that the Company is not exposed to significant credit risk.

e) Loss per Share

The Company computes net loss per share in accordance with ASC 740 "Earnings per Share". ASC 260 requires presentation of both basic and diluted earnings per share ("EPS") on the face of the income statement. Basic EPS is computed by dividing net income (loss) available to common shareholders by the weighted average number of common shares outstanding during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period including stock options, using the treasury stock method, and convertible preferred stock, using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential common shares if their effect is anti-dilutive.

f) Income Taxes

The Company accounts for income taxes using the asset and liability approach. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amounts expected to be realized

9) Recent Accounting Pronouncements

We do not expect the adoption of recently issued to have a significant impact on our results of operations, financial position or cash flow.

3. Related Party Transactions

As at August 31, 2013, the Company was indebted to the former President of the Company in the amount of \$380, which is non-interest bearing, unsecured, and due on demand.

4. Common Stock

On September 25, 2012, the Company issued 2,500,000 shares of common stock at \$0.01 per share for proceeds of \$25,000. The shares were sold by the Company to 32 investors at \$0.01 per share pursuant to the Company's Registration Statement on Form S-1 declared effective by the Securities and Exchange Commission on February 22, 2012.

5. Income Taxes

Potential benefits of income tax losses are not recognized in the accounts until realization is more likely than not. The Company has incurred a net operating loss of approximately \$96,000, which begins expiring in 2028. The Company has adopted ASC 740, "Accounting for Income Taxes", as of its inception. Pursuant to ASC 740 the Company is required to compute tax asset benefits for non-capital losses carried forward. The potential benefit of the net operating loss has not been recognized in these financial statements because the Company cannot be assured it is more likely than not it will utilize the loss carried forward in future years.

Significant components of the Company's deferred tax assets and liabilities as at August 31, 2013 and 2012, after applying enacted corporate income tax rates, are as follows:

	August 31, 2013	August 31, 2012
Deferred income tax asset		
Net operating loss carry forward	\$ 32,608	\$ 17,193
Valuation allowance	(32,608)	(17,193)
Net deferred tax assets	\$ –	\$ –

Due to the change in ownership provisions of the Tax Reform Act of 1986, net operating loss carry forwards for Federal income tax reporting purposes are subject to annual limitations. Should a change in ownership occur, net operating loss carry forwards may be limited as to use in future years.

6. Subsequent Event

On September 30, 2013, Xpress Group, Ltd., a Hong Kong company (“Xpress”) purchased 5,500,000 shares (the “Shares”) of the Company’s common stock representing approximately 68.7% of its issued and outstanding common stock. The Shares were purchased from Yukon Industries, Inc. for \$55,000.00 payable in cash at closing.

On September 30, 2013 the Company’s board of directors appointed Conn Flanigan as its Chief Executive Officer, Chief Financial Officer and a director to hold office until the next annual meeting of shareholders and until his successor is duly elected and qualified or until his resignation or removal. Following the appointment of Mr. Flanigan as an officer and director of the Company, Awais Khan resigned his positions as our Chief Executive Officer, Chief Financial Officer and Director effective as of October 1, 2013. Richard Lee also resigned his positions as Vice President and Director effective October 1, 2013. The resignations of Messrs. Khan and Lee was not a result of any disagreements relating to the Company’s operations, policies or practices.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act that are designed to ensure that information required to be disclosed in our reports filed or submitted to the SEC under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms, and that information is accumulated and communicated to management, including the principal executive and financial officer as appropriate, to allow timely decisions regarding required disclosures. Our principal executive officer and principal financial officer evaluated the effectiveness of disclosure controls and procedures as of August 31, 2013 pursuant to Rule 13a-15(b) under the Exchange Act. Based on that evaluation, our principal executive officer and principal financial officer concluded that, as of the end of the period covered by this report, the Company's disclosure controls and procedures were effective to ensure that information required to be included in our periodic SEC filings is recorded, processed, summarized, and reported within the time periods specified in the SEC rules and forms.

A system of controls, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the system of controls are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

Management's Annual Report on Internal Control Over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting for the Company. Our internal control system was designed to, in general, provide reasonable assurance to the Company's management and board regarding the preparation and fair presentation of published financial statements, but because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management assessed the effectiveness of the Company's internal control over financial reporting as of August 31, 2013. The framework used by management in making that assessment was the criteria set forth in the document entitled "Internal Control – Integrated Framework" issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on that assessment, our management has determined that as of August 31, 2013, the Company's internal control over financial reporting were fully effective for the purposes for which it is intended.

This annual report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to rules of the Securities and Exchange Commission adopted as of September 21, 2010 that permit the Company to provide only management's report in this annual report.

Changes in Internal Control over Financial Reporting

No change in our system of internal control over financial reporting occurred during the period covered by this report that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

ITEM 9B. OTHER INFORMATION

None.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

The Company is in its early stage and does not have sufficient working capital to employ full-time senior management team. Thereby the Company has adopted the strategy of electing founders or persons appointed by majority shareholders as board members to work together to execute the goals and objectives of the Company. As the Company matures, the Board will evaluate this strategy and make the necessary changes.

Our directors hold office until their successors are elected and qualified, or until their deaths, resignations or removals. Our officers hold office at the pleasure of our board of directors, or until their deaths, resignations or removals. Our directors and executive officers, their ages, and positions held are as follows:

Directors and Executive Officers

The following table sets forth the names and ages of each of the persons and who became members of our Board of Directors and Executive Officers on September 30, 2013:

Name	Age	Position
Conn Flanigan	45	President, Chief Executive Officer, Chief Financial Officer, Secretary, Treasurer, and Director

The director named above will serve until his successor has been appointed and duly qualified. Thereafter, directors will be elected for one-year terms at the annual stockholders' meeting. Officers will hold their positions at the pleasure of the board of directors, absent any employment agreement. There is no arrangement or understanding between any of the directors or officers and any other person pursuant to which any director or officer was or is to be selected as a director or officer, and there is no arrangement, plan or understanding as to whether non-management shareholders will exercise their voting rights to continue to elect the current directors to our board. There are also no arrangements, agreements or understandings between non-management shareholders and management under which non-management shareholders may directly or indirectly participate in or influence the management of our affairs.

Business Experience

Mr. Flanigan has served as General Counsel with eBanker Corporate Services, Inc., a Colorado subsidiary of Xpress Group, Ltd. ("Xpress") since 2007. From 2000 to 2007 Mr. Flanigan served as Corporate Counsel to eVision Corporate Services, Inc., a Colorado subsidiary of Xpress. Mr. Flanigan received a B.A. in International Relations from the University of San Diego in 1990 and a Juris Doctor Degree from the University of Denver Sturm College of Law in 1996.

The board of directors appointed Mr. Flanigan in recognition of the importance of his abilities to assist the Company in expanding its business and the contributions he can make to its strategic direction.

The Company has not entered into any compensation arrangements with Mr. Flanigan.

Conflicts of Interest

At the present time, the Company does not foresee any direct conflict between Mr. Flanigan and his other business interests and his involvement in the Company.

Family Relationships

No family relationship exists between any director, executive officer, or any person contemplated to become such.

Director Independence

We currently do not have any independent directors serving on our board of directors.

Involvement in Certain Legal Proceedings

To the best of our knowledge, none of our directors or executive officers have been convicted in a criminal proceeding, excluding traffic violations or similar misdemeanors, or has been a party to any judicial or administrative proceeding during the past five years that resulted in a judgment, decree or final order enjoining the person from future violations of, or prohibiting activities subject to, federal or state securities laws, or a finding of any violation of federal or state securities laws, except for matters that were dismissed without sanction or settlement. Except as set forth in our discussion below in "Certain Relationships and Related Transactions," none of our directors, director nominees or executive officers has been involved in any transactions with us or any of our directors, executive officers, affiliates or associates which are required to be disclosed pursuant to the rules and regulations of the SEC.

Code of Business Conduct and Ethics

We currently do not have a Code of Business Conduct and Ethics. We intend to adopt a code of ethics that applies to our chief executive officer and chief financial officer during the fiscal year ending August 31, 2014.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Since none of our securities have been registered pursuant to Section 12(b) or 12(g) of the Securities Exchange Act of 1934, our officers and directors and persons who own more than 10% of our common stock are not required to file Section 16(a) beneficial ownership reports.

ITEM 11. EXECUTIVE COMPENSATION

Summary Compensation Table – Fiscal Years Ended August 31, 2013 and 2012

The Company has not paid nor is any cash or non-cash compensation due to its current officers and director and Awais Khan who resigned as President, Chief Executive Officer, Chief Financial Officer, Secretary, Treasurer, and a Director of the Company on September 30, 2013 and Richard Lee who resigned as Vice President and a Director of the Company on September 30, 2013 during the fiscal years ended August 31, 2013 and 2012.

No salaries are being paid at the present time, and none will be paid unless and until we commence operations and generate sufficient cash flows.

There are no stock option plans, retirement, pension, or profit sharing plans for the benefit of our officers and director other than as described herein.

Equity Awards

We have not awarded any shares of stock, options or other equity securities to our directors or executive officers since our inception. We have not adopted any equity incentive plan. There were no grants of stock options since inception to the date of this Prospectus.

The Board of Directors of the Company has not adopted a stock incentive plan. The Company has no plans to adopt one at this time but may choose to do so in the future. If such a plan is adopted, this may be administered by the board or a committee appointed by the board (the "Committee"). The committee would have the power to modify, extend or renew outstanding options and to authorize the grant of new options in substitution therefore, provided that any such action may not impair any rights under any option previously granted. The Company may develop an incentive based stock option plan for its officers and directors and may reserve up to 10% of its outstanding shares of common stock for that purpose.

Director Compensation

Our directors are not compensated for their services and we have no plans to pay our directors any money in the future. The board has not implemented a plan to award options to our director. There are no contractual arrangements with any member of the board of directors. We have no director's service contracts.

Employment Contracts

We have no employment contracts with any of our officers or directors.

Long-Term Incentive Plan Awards

We do not have any long-term incentive plans that provide compensation intended to serve as incentive for performance.

Indemnification

Under our Articles of Incorporation and Bylaws of the corporation, we may indemnify an officer or director who is made a party to any proceeding, including a law suit, because of his position, if he acted in good faith and in a manner he reasonably believed to be in our best interest. We may advance expenses incurred in defending a proceeding. To the extent that the officer or director is successful on the merits in a proceeding as to which he is to be indemnified, we must indemnify him against all expenses incurred, including attorney's fees. With respect to a derivative action, indemnity may be made only for expenses actually and reasonably incurred in defending the proceeding, and if the officer or director is judged liable, only by a court order. The indemnification is intended to be to the fullest extent permitted by the laws of the State of Nevada.

Regarding indemnification for liabilities arising under the Securities Act of 1933, which may be permitted to directors or officers under Nevada law, we are informed that, in the opinion of the Securities and Exchange Commission, indemnification is against public policy, as expressed in the Act and is, therefore, unenforceable.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table sets forth, as of November 26, 2013, certain information with respect to the beneficial ownership of our common stock by each stockholder known by us to be the beneficial owner of more than 5% of our common stock, by each of our directors and executive officers, and by our directors and executive officers as a group. Each person has sole voting and investment power with respect to the shares of common stock, except as otherwise indicated. Unless otherwise indicated, the business address of each person listed is in care of Scoop Media, 24/F Wyndham Place, 40-44 Wyndham Street, Central, Hong Kong, PRC.
